Independent Auditors' Report on the Special Purpose Financial Information

To the members of Send Clean INC.

Opinion

We have audited the accompanying special purpose financial information of **Send Clean INC**. which comprise the balance sheet as of 31stMarch,2022, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity, and the related notes to the financial statements (together hereinafter referred to as 'special purpose financial information').

1. In our opinion, the accompanying special purpose financialinformation for the period ended 31stMarch, 2022, has been prepared, in all material respects, in accordance with the basis of accounting specified in note 1 to the special purpose financial information.

Basis for Opinion

2. We conducted our audit in accordance with International Standards on Auditing (ISAs)subject to the materiality specified in the audit instructions as described further in paragraph 10 below. Our responsibilities under those standards are further described in the 'Auditor's Responsibilities' section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants ('IESBA Code of Ethics)and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Basis of accounting and Restriction on Use and Distribution

3. We draw attention to note 1 to the special purpose financial information which describes the basis of accounting for the aforesaid special purpose financial information. The special purpose financial information has been prepared by the Management solely for the limited purpose to enable its ultimate holding company, Route Mobile Limited, to prepare its financial statements for the period ended 31stMarch, 2022, and therefore, it may not be suitable for another purpose. This report is issued solely for the aforementioned purpose and intended only for the use by the management of the Group and the statutory auditors of the ultimate holding company in relation to the audit of financial statements of the ultimate holding company, and accordingly, should not be used, referred to or distributed for any other purpose or to any other party without our prior written consent. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Responsibilities of Management and Those Charged with Governance for the special purpose financial information

- 4. Management is responsible for the preparation of the special purpose financial information in accordance with the basis of accounting specified in note 1 to the special purpose financial information and for such internal control as management determines is necessary to enable the preparation of special purpose financial informationthat are free from material misstatement, whether due to fraud or error.
- 5. In preparing the special purpose financial information, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the special purpose financial information

- 7. Our objectives are to obtain reasonable assurance about whether the special purpose financial information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these special purpose financialinformation.
- 8. As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the special purpose financial
 information, whether due to fraud or error, design and perform audit procedures responsive
 to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis
 for our opinion. The risk of not detecting a material misstatement resulting from fraud is
 higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
 omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Company's internal control.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the special purpose financial information or, if such disclosures are inadequate, to modify our conclusions are based on the audit evidence obtained up to the date of our action's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the special purpose financial
 information, including the disclosures, and whether the special purpose financial information
 represent the underlying transactions and events in a manner of the basis of accounting
 specified in note 1 to the special purpose financial information.
- 9. As requested by the group auditor in their audit instructions of the Company, dated 15thApril, 2022, we have planned and performed our audit using the materiality level specified in their audit instructions, which is different from the materiality level that we would have used, had we been designing the audit to express an opinion on the special purpose financial information alone. We communicate with the management regarding, among other matters, the planned scope and timing of the audit and significant audit findings that we identify during our audit.

11 Fair value measurements

Financial instruments by category:

	31 March 2022	31 March 2021
Particulars	Amortised cost	Amortised cost
Financial Assets - Current		
Cash and cash equivalents	1,745	
**************************************	1,745	
Financial Liabilities - Current		
Trade payables	839	7.
Financial liabilities	2,500	
	3,339	

I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

II. Assets and liabilities which are measured at amortised cost for which fair values are disclosed (It is categorised under Level 2 of fair value hierarchy)

During the periods mentioned above, there have been no transfers amongst the levels of hierarchy.

The carrying amounts of non-current loans, non-current borrowings, trade receivables, cash and cash equivalents, current loans, other current financial assets, trade payables, and other current financial liabilities are considered to be approximately equal to the fair value.

Significant accounting policies and other explanatory information for the year ended 31 March 2022 (Amount in USD, except for share data, and if otherwise stated)

12 Financial risk management

The Company has a risk management policy which covers risk associated with the financial assets and liabilities. The risk management policy is approve by Board of Directors. The focus of the risk management committee is to assess the unpredictibility of the financial environment and to mitigate potential adverse effect on the financial performance of the company.

The Company's principal financial liabilities comprises of trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade receivables, and cash and cash equivalents and bank deposits that derive directly from its operations.

A Credit risk

Credit risk is the risk of financial loss arising from conterparty failure to repay or service debt according to the contractual terms and obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and credit worthiness of the customer on continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. The financial instruments that are subject to concentration of credit risk pincipally consist of trade receivables, loans, cash and bank balances and bank deposits

To manage credit risk, the Company follows a policy of providing 30 to 90 days credit to the customers. The credit limit policy is established considering the current economic trends of the industry in which the company is operating.

However, the trade receivables are monitored on a periodic basis for assessing any significant risk of non-recoverability of dues and provision is created accordingly.

Bank balances are held with only high rated banks and majority of other security deposits of company are placed majorly with government agencies if any.

The table below provide details regarding past dues receivables including transection of the year as at each reporting date:

B Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to maintain optimum levels of liquidity and to ensure that funds are available for use as per requirement. The liquidity risk principally arises from obligations on account of following financial liabilities viz. borrowings, trade payables and other financial liabilities.

The Company's corporate finance department is responsible for liquidity and funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments at each reporting date:

A - - 21 March 2022

Upto 1 year	Between 1 and 3 years	Beyond 3 years	Total
839	I-II		839
		-	
2,500			2,500
3,339			3,339
	839 2,500	839 - 2,500 -	years

C Market Risk

The company have policy of price risk from its investment in mutual funds classified in the balance sheet at fair value through profit and loss.

To manage its price risk arising from the investment, the Group has invested in the mutual fund after considering the risk and return profile of the mutual funds i.e. the debt profile of the mutual fund indicates that the debt has been given to creditworthy banks and other institutional parties and equity investment is made after considering the performance of the stock however company has not invested in such fund.

Significant accounting policies and other explanatory information for the year ended 31 March 2022 (Amount in USD, except for share data, and if otherwise stated)

13 Capital Management

The Company's financial startegy aims to support its strategic priorities and provide adequte capital to its businesses for growth and creation of sustainable stakeholder value. The company funds its operation through internal accruals. The company aims at maintaining a strong capital base largely towards supporting the future growth of its business as a going concern.

The company consider the following component of its Balance sheet to be managed capital: Equity Share capital & Other equity as shown in the balance sheet includes Retained earnings.
